

Introduction to WCS

Product Cycle

West Coast Supplies
Innovative Packaging Solutions

Distributor

Products and Services

Stock Boxes

- Over 1,600 SKUs available for same-day or next-day delivery
- Virtual inventory increases ROI and reduces working capital investment for distributors.
- Complete ancillary packaging supply line delivers one-stop shopping.

Custom Corrugated

- Innovative design ensures packaging optimization and performance.
- Just-in-time inventory management guarantees product availability for key customers
- Shortened production lead-times provide flexibility to key customers

Protective Packaging

- Expert packaging engineers design with product loading, cushion curves, and transit-environment issues in mind
- Best-material approach ensures the right combination for achieving maximum protection at the lowest cost.

Value Proposition
